

GUIDELINES FOR WHS STUDENTS

Instructions for Going Remote

General Expectations

1. Teachers will be setting work for each of their classes.
2. This will be assigned in Google Classroom. Teachers may choose to put up more than one day at a time. We are looking at students having a minimum of 3 hours of work per week in senior classes and 2-3 hours in junior classes. Junior option subjects should have 1 - 2 hours of work.
3. We want to keep it simple - We will use one consistent platform (Google Classrooms) for sharing learning activities, We may look at one consistent platform for online lessons at a later stage (Google Meet) but not at this time.
4. We aim to keep assigned work to a manageable level - to what's essential.
5. We will focus on keeping up connections and relationships - that's what actually matters.
6. We will focus on providing learning opportunities.
7. All communication with teachers should be through email or Google Classroom,
8. If the nature of your NCEA assessment(s) allows you to progress the work at home, then continue to do so. **Our main priority is that you remain connected and engaged in your learning.**
